

# Martinez Missionary Mail (Nov/2018)

Chuck & Robin Martinez, SGSP Mission Directors- Guatemala

## To Our Covenant Partners...

In retrospect, it is clear to see it was your faithful giving to Living Water Teaching (LWT) / Mercy Wings International (MWI) that made the last 12 years of mission aviation and missionary outreach possible. Your missionary support has kept our feet firmly planted on the mission field of Guatemala.

In our October newsletter we shared that Robin and I are about to step up to a new level in ministry while maintaining our footprint in Guatemala. In just a few short weeks, we will begin our transition to “SGSP Aviation Ministries” (SGSP). We ask for your prayers as we close out our responsibilities with LWT/MWI and find our footing with our new mission under SGSP.

Along with prayer support, Robin and I also need special giving for practical needs as we move our household in Guatemala, plus immediately begin stateside deputation and Itineration.

We will provide a new missionary number and address for giving by the end of 2018. Stay connected and partner with us so we can reach “New Heights for Missions”

Find out how you can help with our Guatemala transition and stateside deputation on our website

*Chuck & Robin, aviation missionaries, first landing in Quetzaltenango, Guatemala- 2006*

*12 years later, still serving and ministering to the people of Guatemala, with excellence and safety- Nov 2018*

## The Craft Lady is Here...

Students at ACE Christian Academy keep to their studies while also keeping an eye out for The Craft Lady. They never know when Miss Robin will show up with a colorful and interesting project. Teachers and students both get to recharge and regroup when Miss Robin comes through the door.

## Bible Institute Graduation

Resident, extension, and weekend Bible institute students all dream about this very special day in November. After a year--often more than a year--of study, their dream becomes a reality and the moment is captured in a single photo. As one student enthusiastically exclaimed- "I can't believe this day is finally here"

## Opportunities to Serve

Mission Aviation is a ministry tool whose time has arrived. It is for such a time as this to redeem the time and multiply ministry opportunities. It is a treat for us to serve visiting ministers and guests to our beloved Guatemala.

Follow Chuck & Robin as we open a new work in Guatemala, serving with SGSP Aviation Ministries.

## Year-end contribution

There is still time! A year-end contribution is the very thing that we need to lay the foundation for the coming year.

Conveniently, you can continue to give through familiar channels, until the last day of February 2019.
